ABOUT COACH CAYDEE GEORGE

I am engaged and have a black cat named Trixie. I love being with my family and friends and love to cook. On my free weekends, I love to find new movies to watch and watch my sisters play volleyball.

COACHING PHILOSOPHY

My coaching philosophy focuses on character development and self-confidence on and off the court. I believe that in the earlier years of playing volleyball, teaching players how to be good people and instilling confidence is a vital part of them growing in their volleyball career. My ultimate goal is to develop great players, along with great people who can learn to face challenges with courage, treat others with respect, and believe in their ability to do anything they set their heart to.
