ABOUT COACH MATT SOBOCINSKI

I am married with 5 kids and support companies with their Identity Management systems. When we are not playing volleyball or other sports, I enjoy just about anything on the lake or being outside. Go Pack Go! Go Badgers!

COACHING PHILOSOPHY

My coaching philosophy is focused on development that encourages athletes to enjoy the game, just as much as I do. While each age group gets more competitive, setting the foundation for skills, trust, support and teamwork are emphasized to continue your volleyball journey.
