ABOUT COACH BINA SCURIC

I have my BA in Nutrition, Dietetics, and Wellness and just got my MA of Science in Nutrition this December. I am currently studying for the exam to get my Registered Dietitian license. I have a cat named Kiki, and love cycling classes!

COACHING PHILOSOPHY

My philosophy is to teach young players to play out of love for the game of volleyball. My goal is to improve them as volleyball players, and also teach them life lessons they can carry out throughout their lives. I want to encourage players to put their all into this sport, but also find their own confidence and identity outside of sports. I want to create a positive, hard working environment, and have lots of fun!

PLAYING EXPERIENCE

- **2016-2019:** Milwaukee Sting Volleyball Club
- **2019-2022:** Northern Illinois University Volleyball Team
