ABOUT COACH CAITLYN COFFEY

I live in Milwaukee with my dog, Bissell. I received my degree in public relations and advertising from DePaul University in 2018 and have been working as a student-athlete success and eligibility coordinator at a junior college for the last 6 years.

COACHING PHILOSOPHY

I believe that sports are a core platform for developing leadership skills. I strive to empower my athletes to develop leadership qualities by fostering an environment where players can step into leadership roles. Leaders set goals and hold themselves and their teammates accountable for achieving them through teamwork and collaboration. I also believe that it is possible to strive for excellence while enjoying each and every day on the court. I aim to create an atmosphere where hard work and discipline can coexist with competition and fun on the court.
