ABOUT COACH JUSTIN JENKINS

I am a freshman (18) currently attending UW Milwaukee and pursuing a degree in math education. Besides volleyball, I love all things music, math, and sports. I love spending time with my family and friends, and I can't sit in one place for a long time. I have an older brother (21), younger sister (14), 2 dogs (pomeranian and mutt), and 2 puppies!! I'm energetic and love bringing the hype!

COACHING PHILOSOPHY

My coaching philosophy is centered in a culture of a positive relationship between the athlete, team, and sport. My end goal is for athletes to be able to recognize what they love about the sport, and building on that for a successful playing experience. I believe that building this connection with your sport allows you to play better, but also have fun while doing it. I also believe that athletes should be as respectful and friendly as they can around their teammates, as you can't do much on the court without them. Doing things to improve your relationships with each other is the best way in making a successful volleyball team. Building and developing athletes with this mindset is what I believe will make volleyball as a whole a better and more enjoyable sport!
